Tangier, Morocco

## PROFILE

5<sup>th</sup>-year Computer and Network Engineering student at EMSI Tangier, seeking a final-year internship starting February 2026. Passionate about web and mobile development, with a strong interest in software architecture and innovative digital solutions.

## ACADEMIC BACKGROUND

2021–2026 Engineering Cycle in **Computer and Network Engineering** — **Moroccan School of Engineering Sciences (EMSI)**, Tangier  
2020–2021 **Baccalaureate** in Life and Earth Sciences — **Al Inskandaria High School**, Tangier

## PROFESSIONAL EXPERIENCE

**Full Stack Web Developer - Mediassive** July 2025 - Present

- Full design and development of a *public SaaS platform* currently under development, built on a microservices architecture to centralize and analyze marketing insights (Google Analytics, Meta API).
- Development of interactive dashboards and automated reporting features for future users.
- Creation of marketing websites with a lightweight admin panel for data visualization, deployment, and SEO optimization.

*Technologies: Next.js, NestJS, Google API, Meta API, PostgreSQL, TailwindCSS*

**Full Stack Web Developer -Cloud Marketing Hub** 2024 - 2 months

- Development of an internal platform for project, task, and team management with real-time monitoring.
- Implementation of an admin interface for project supervision, task tracking, and team progress visualization.

*Technologies: Flask, SQLAlchemy, MySQL, TailwindCSS, Flask-Login*

## ACADEMIC AND PERSONAL PROJECTS

**Smart Study Management Platform** 2025

An intelligent academic platform for managing courses, exams, and student files. Integrates a chatbot capable of automatically generating summaries based on file names while allowing students to post help requests and take notes through a built-in editor. The app also lets students add their exams and projects to generate a personalized study plan.

*Tech: FastAPI (Python), Next.js, Supabase (PostgreSQL)*

**Smart Resume Builder** 2025

Mobile application developed with Android Studio for creating, customizing, and exporting professional CVs in PDF format. Includes a visual editor and uses Firebase for online storage and user management.

*Tech: Kotlin, Android Studio, Firebase, XML*

**Goals Chasing App** 2024

Mobile productivity and goal-tracking app featuring task management, reminders, timers, and motivational progress statistics.

*Tech: Figma, React Native, Firebase*

## TECHNICAL SKILLS

- **Languages:** JavaScript, Python, PHP, TypeScript, Java, C#
- **Frameworks:** Next.js, React Native, Spring Boot, Flask, Flutter, FastAPI, Laravel, NestJS
- **Databases:** PostgreSQL, MySQL, MongoDB, Firebase
- **DevOps:** Docker, CI/CD, GitHub Actions, Postman
- **Tools:** VS Code, IntelliJ, Figma, Git
- **Other:** Generative AI (Groq AI), REST APIs, JWT Auth, Analytics APIs
